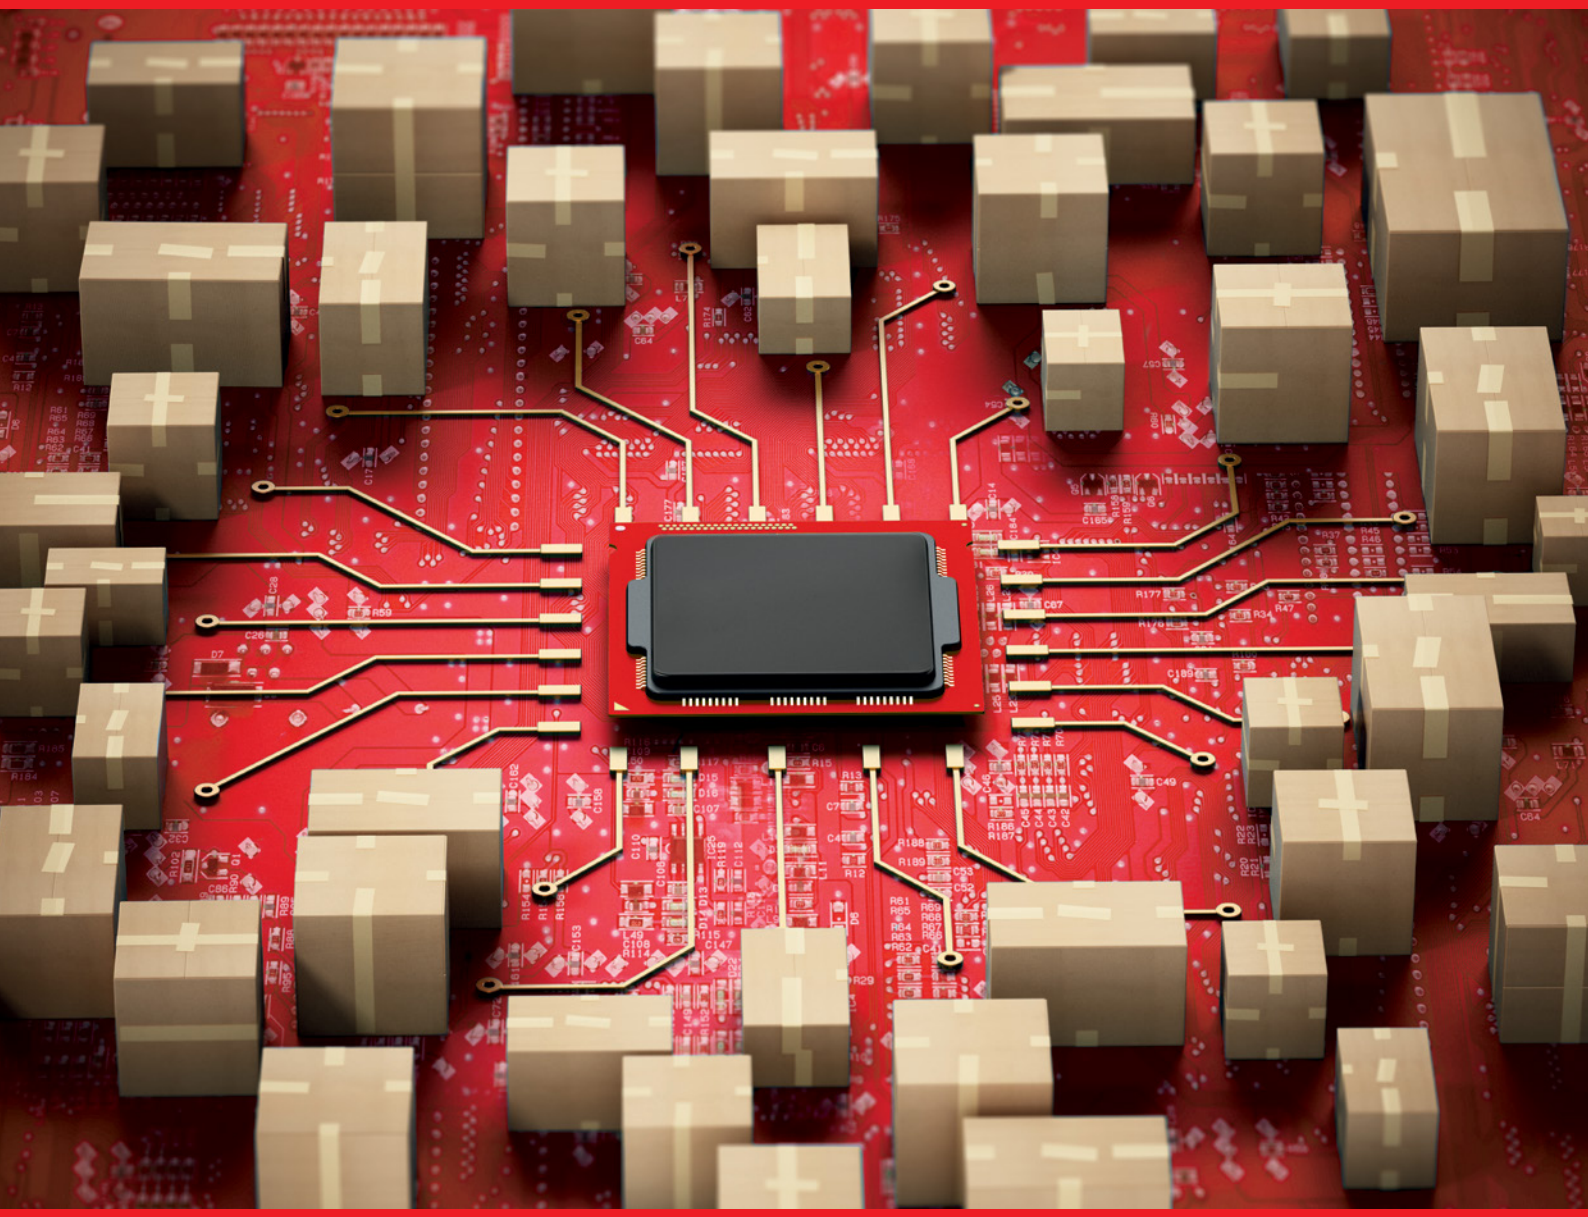
Product Range



Electronic Components

FIRST CLASS PREMIUM SUPPORT

GLYN

High-Tech Distribution

Enthusiastic about Technology

Your secure connection to renowned Manufacturers

It is invaluable to know where to turn when you have questions. A trusted partner with a deep and helpful expertise. A partner who listens to you, understands your needs exactly and dedicates himself to taking care of them – because he knows his stuff excellently and is happy to support you. That's what makes a **specialist**.

Passionate about Distribution

Three Pillars for Excellent SUPPORT

A carefully selected portfolio allows for a very special **technical**, **commercial** and **logistical** depth of consulting.

The SUPPORT-enthusiastic GLYN team provides you with competent information about innovative electronic components. Commercial inquiries recieve an immediate response. Orders are delivered to you efficiently and on time using intelligent processes.

Thousands of satisfied GLYN customers, ranging from engineering services to medium-sized business and large corporations, appreciate these Foundations of SUPPORT and enjoy our very special kind of service – you can benefit from them too!

GLYN is SUPPORT – GLYN is Red – SUPPORT is Red!

...and far beyond

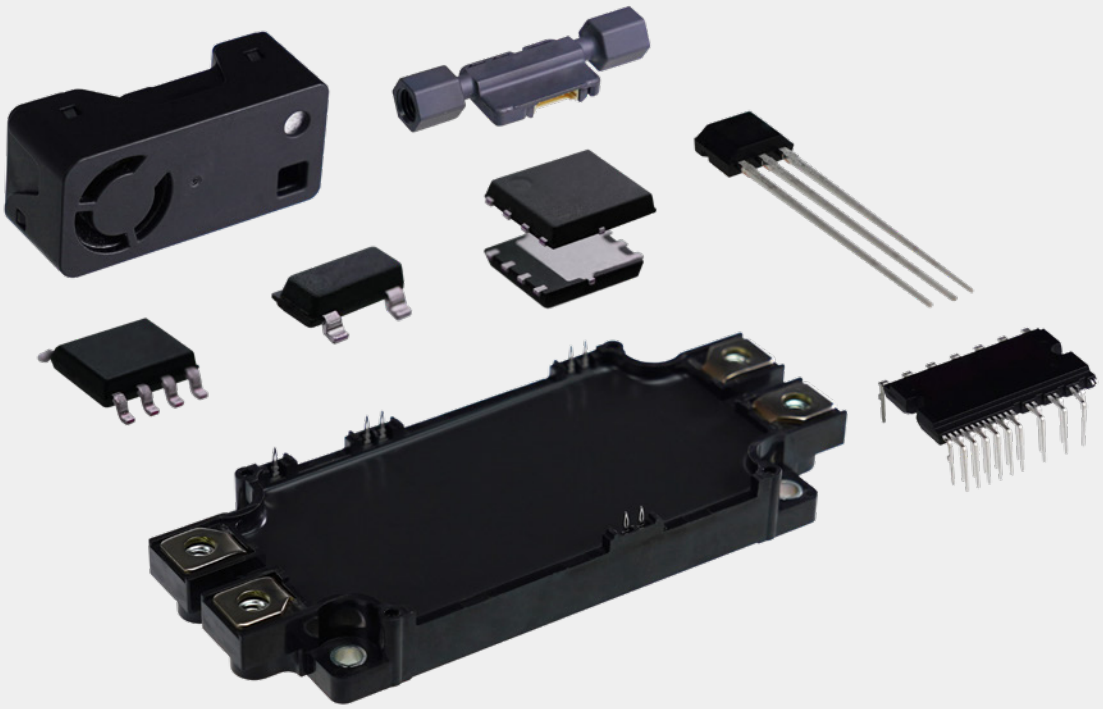
The **ideal** antenna for your wireless product.
The **perfectly fitting** socket for the circuit board.
The touchscreen with **customized** front display.

We are pleased to pass this long term experience on to you:

Complete your application with the products from our **Additional-Lines** range.
They harmonize with our Focus Franchise-Lines and provide you with long-lasting SUPPORT in the development of your applications.

2J ANTENNAS, S.R.O.	Antennas, Cable, Connector for Wireless and customized Products
BRIDGETEK	Display Controller for TFT Display, 8- and 32-bit Microcontroller with Ethernet and CAN
CANON	X-ray Tubes, X-ray Image Intensifiers
CSM	PC Card Drives (OmniDrive)
DISPLAYTECH	Passive, monochrome LCDs; Standard and customized
EMBEDDED ANTENNA DESIGN	Internal and external Antenna Solutions for Applications from 100 MHz to 6 GHz
ENPLAS	Test & Burn-In Socket, Test Contactor Solutions
FCL COMPONENTS	Analog resistive Touchpanels
GLYN	Evaluation Boards, Starter Kits
HARVATEK	PCB Housing LED, PLCC Housing LED, Infrared LED Emitter, Phototransistor
HITACHI	High Voltage IGBTs, High Voltage SiC Modules, High Voltage ICs, Diodes
INELCO	Board to Board Connectors, I/O Connectors, RJ45 Connectors
JPC CONNECTIVITY	Flex Flatcable, Connectors
LM TECHNOLOGIES	Modul and Dongle Solutions for Bluetooth and Wi-Fi
PHISON	e.MMC™, UFS (Universal Flash Storage), BGA SSD (SATA & / PCIe® / NVMe™)
QT BRIGHTEK	SMD LED, High Power LED, Through-Hole Lamp, Super Flux LED, Display Dot Matrix
RADIOCRAFTS	RF Solutions for the ISM Bands for RC232, TinyMesh, M-BUS, KNX, ZigBee and 6LoWPAN
S4SENSORS	Current Sensor ICs, 3D Hall Sensors
SANKEN	Power Management ICs, Motor-Control ICs, MOSFETs, IGBTs, SiC Schottky Diodes
SEGGER	In-Circuit Programming, Debug Probes, RTOS & Embedded SW, Crypto & Security SW
SILVERMICRO	IGBT Modules, SiC Modules, MOSFET Modules, Automotive Modules, GaN Modules, Diode Modules, IPM Modules
SKYHIGH MEMORY	SLC NAND, Serial NAND (SPI), MCP, e.MMC™
SOLOMON GOLDENTEK	Active Displays (TFTs), passive Displays (STN,FSTN,CSTN), customized Solutions
SUYIN	Battery Connectors, Board to Board Connectors, I/O Connectors, D-Sub Connectors
TAOGLAS	Antennas, Cable, Connector for Wireless and customized Products

Analog, Power & Sensors



Analog + Mixed-Signal ICs

DC/DC Converter, Power Management, OpAmp, Battery Management, LDO, Reset

Power Electronics

MOSFET, IGBT, SiC, IPM, Motor Control, Gate-Driver, Isolators

Sensors

Temperature, Humidity, CO_2, VOC, Particulate Matter und NOx Sensors, Gas, Liquid Flow, Pressure, Magnetic Field, Current, Motion, ToF, Ultrasonic, Microphone

MITSUBISHI ELECTRIC

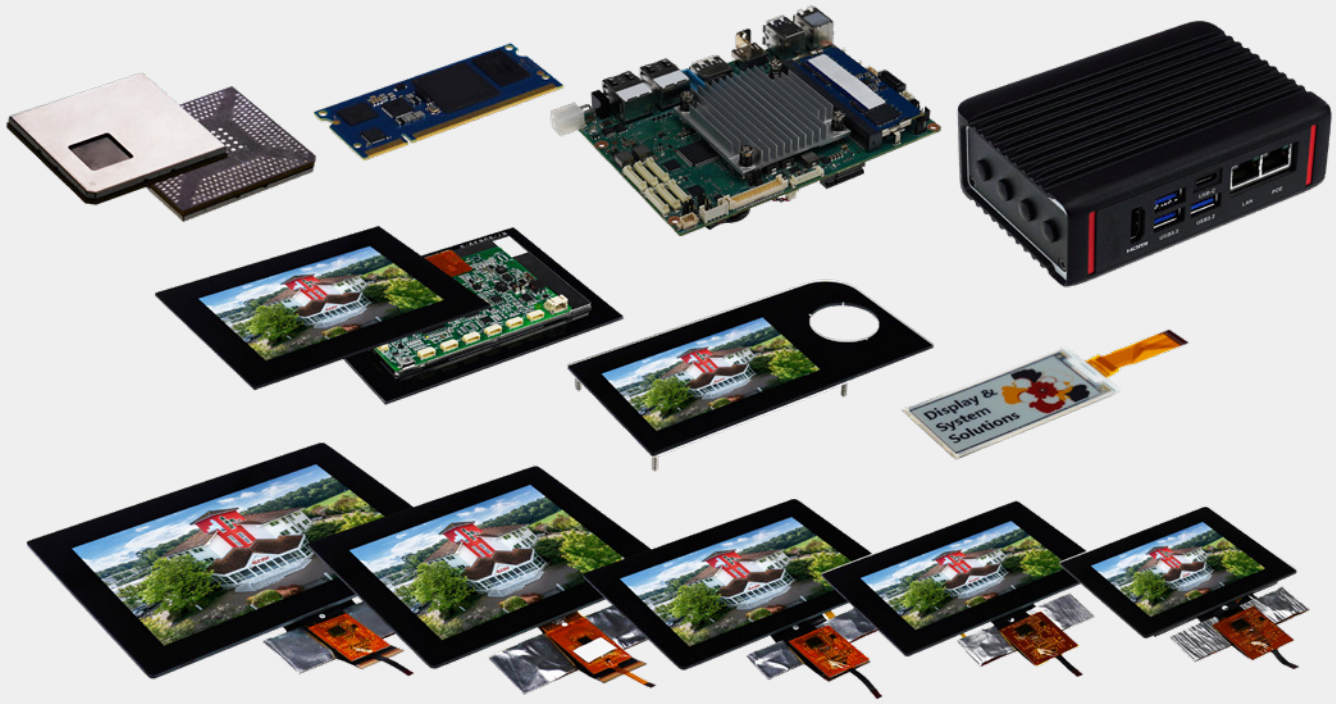
SENSIRION

SGMICRO

TDK In Everything, Better

TOSHIBA

Display & System Solutions



Displays

TFTs: 1,3" to 27", PCAP Touch, Cover Glass, Optical Bonding, Customized Solutions, Case
Smart Embedded: intelligent TFTs with Arm Cortex-M7
ePaper: 0,97 - 31,5", B/W, 4-color, Full Color, Touch and Frontlight
LCD mono: Customized Solutions, all Technologies

Embedded

Industrial-PCs: in all Form Factors and Performance Classes, Single Board Computer, Industrial Mainboards, Box-PCs, Panel PCs, Digital Signage Solutions, Edge AI, Machine Vision
Computer on Modules: X86 + Arm, for Soldering and Plugging, Starterkits, Software-Support

Thermal Printer

Printing devices, Built-in Printers, Stand-Alone Printers, Kiosk Printers, Mobile Printers

Stay in Touch

GLYN-Talks

Precise expertise.
Live SUPPORT from our specialists will help you and your team move forward immediately.

Newsletter

Technical, commercial and logistical. Stay one step ahead: news, product updates, and application tips. Fast, understandable and practical.

SUPPORT-Paper

User-oriented knowledge that can be applied directly. You will recieve compact solutions, valuable background information and specific tips for your development.
