

Hello GLYN, MiTAC are all fine and safe after the big earthquake.
Team all function well,
However, this is the biggest earthquake I experienced.
God Bless Taiwan.

The banner features a dark blue background with a futuristic, glowing blue and purple digital landscape. On the right side, there are wireframe models of a car and a building. The text is arranged in three horizontal sections: the top section contains the MiTAC Embedded logo in white; the middle section contains the Embedded World logo in red and black; the bottom section contains the event details in white and pink text.
