

Dear Valued Customer,

Last week we received the profoundly sad news about the earthquake which unfortunately hit the East of Taiwan in the morning of 3rd April 2024.

After contacting our trusted partners from Taiwan we got the following, relieving, news:

- Status of our facilities and infrastructure following the earthquake
Facilities and infrastructure are intact after the earthquake
- Any potential delays or disruptions to production and delivery schedules
Equipment of production is also intact.
Everything is being produced as scheduled and deliveries are on time.

For any queries regarding product availability, please do not hesitate to contact the Xmore® distributor in your area.

Sincerely yours,
Xmore®
