

Toshiba Electronic Devices & Storage's Status and Measures in Response to the Earthquakes in Ishikawa Region (Second Report, update on January 9)

January 5, 2024

Toshiba Electronic Devices & Storage Corporation

Toshiba Electronic Devices & Storage Corporation responded to the major earthquakes that occurred off the coast of the Noto Peninsula on January 1 by establishing an emergency task force at its headquarters in Kawasaki, Japan. The first concern is the safety of our employees and their families, and beyond that the wellbeing of the local community in the affected area. We continue to assess the damage to our production facility, and will provide updates as soon as they become available.

Impact and status affected by the earthquakes as of 17:00 today is as follows.

We will release the next update at around 17:00 on January 9.

With regard to deliveries of our products, please contact to our sales offices.

Status of Toshiba's Group Companies' facilities in Ishikawa area

Kaga Toshiba Electronics Corporation, Nomi City, Ishikawa Pref., Japan. Semiconductor manufacturing facility

- The safety of all employees, full-time and temporary, has been confirmed.
- We have confirmed that there is no damage to buildings that could affect the resumption of operations.
- There was extensive damage to the exhaust pipes in the clean rooms, and we are prioritizing their repair.
- We are continuing to urgently check the status of the production lines, and aim to restore partial production on January 9.
- We will release more information on the resumption schedule once it is confirmed.

<Update on January 9>

Semiconductor Products

- SiC Power Devices
- MOSFETs
- IGBTs/IEGTs
- Isolators/Solid State Relays
- Power Management ICs
- Intelligent Power ICs
- Linear ICs
- Motor Driver ICs
- Diodes
- Bipolar Transistors
- Microcontrollers

- Automotive Devices
- ICs for Wireless Communication Equipment
- General Purpose Logic ICs
- Interface Bridge ICs for Mobile Peripheral Devices
- Radio-Frequency Devices
- Sensors
- Linear Image Sensors

Storage Products

- Data Center / Enterprise
- Internal / Specialty
- Consumer Storage
